WHAT IS DRYSTACKING?

Drystacking uses little to no mortar in the joints to give the appearance of a solid stone wall. To assist in achieving this process, Eden-Valders Stone saws the top & bottom of each piece for a dimensional pattern.

Note: the 2", 4" and 6" heights do include a +/- 1/4" tolerance.

*Our stone is a natural product and may vary in color and texture from the appearance of the flyer.
